Red Cross Notes

The Fourth Consignment of made up articles was shipped on Monday night from the Red Cross rooms here. The ladies have been quietly working away all summer have turned out a surprisingly amount of socks, sweaters, pyjamas, bed pads, pneumonia jackets, hampton pads, bed gowns, sheets, pillow cases and bandages.

The ladies have bought these goods, the amount of \$307.09 from Red Cross funds and have made them up entailing a large amount of work.

In the last year approximately \$1000 has been collected and 60 per cent of this has been sent to headquarters and the rest retained for the purchase of material. Thus using up a large portion of their funds.

The Red Cross Rooms above the Municipal Office are newly calcimined and painted so they are now open for the ladies convenience to sew or knit. So help them and the boys over seas by digging down deep and giving till it hurts in their drive this fall.

October 15 is the date set for the opening of the campaign in Alberta so help these women in our locality by helping the Red Cross.

Red Cross Rooms will be open from 3o'clock until midnight on Saturday.

School At Home

"As a matter of fact, we believe that the home is the best school yet devised by mankind to prepare children for life," comments a experienced school teacher.

Discipline in the first and last essential is a parental duty; "to discipline" is to lead in the home and when this is done a greater school success and more worthwhile results come to those whose parents have been discreet disciplinarians.

In the home curriculum is the first task of teaching the young to work and be useful. Considering this, one mother said in answer to a question: "No, Mary has no work to do at home. I don't intend that she shall do any. When I was a girl I was forever sweeping floors, dusting, or washing dishes. I want Mary to have a happy, carefree time." A strange outlook for any mother to have. If a child is to have a future, he or she must have the opportunity of learning how to work; this life lesson should be learned at home as well as the school. Teachers claim that those children gain most and develop the best in an all around way if they learn how to work outside their classroom.

I would stress the point, says a teacher, that a home should be a "school" in its invitation to learning. Children are curious, they imitate, they learn by looking at pictures and reading. In the parental home does the child find good manners, cleanliness, speech, kindness, justice, and tolerance worthy of imitation?

The home, through the presence of good books, papers, music, and conversation, ought always to be an invitation to learning.

Attempt To Escape Frustrated

The quiet of Champion broke
loose into plenty of action last
Saturday when one of a number
of prisoners under escort on the
Greyhound broke loose and
made a break for freedom.

The bus was parked at the
depot for the passengers to eat
their lunch when the alarm was
given.

The prisoner broke and fled
down the street turning the
corner at the Bank down the
alley at the Champion Garage
and cut across the lot in front
of the small teacherage. Miss
Orr's car was parked there and
the prisoner climbed in and was
all set to make his getaway
with the motor running but
evidently found trouble when
he tried to locate the gear shift

About this time Miss Orr
noticed him and gave the alarm
warning the police of his where

the scene just in time with an
ugly looking "barking stick" in
his hand and escorted the pri-
soner back to the bus where
precautions were taken to
prevent reoccurrence.

Use it to instruct your bank to make purchases of War Savings Certificates for you every month—automatically. Your bank looks after everything for you—sends your money to Ottawa each month, and the Certificates are mailed direct to the registered holder. There is no charge for this service.

Here is an effective way to *serve*—and a sure way to *save*. And remember, too, you are not giving your money, but *lending* it, and at a good profit to yourself: a full 25% in 7½ years! So watch the mail for this new official War Savings Pledge. When it arrives, use it to Help Smash Hitler. Additional Pledges are available at your bank or from your local War Savings Committee. Smash Hitler Campaign By War Savings Committee

An army of 2,000,000 regular "WarSavers" is sought in a national "Smash Hitler" campaign now opening by the War Savings Committee. It is announced by Messrs. W. H. Somerville and de Gaspé Beaubien, National Chairmen.

To enable every man and woman in Canada to join this "Army of Two Million Regular War Savers", the Committee has developed, in collaboration with the chartered banks, a special Pledge Form which will be delivered by mail to over 2,500,000 householders from coast to coast. This is one of the largest single mailings ever carried out by the Canadian Postal Service.

By using this new War Savings Pledge Form any bank depositor can instruct his bank to invest in one or more War Savings Certificates for him on the 15th of every month. Once the Pledge is signed and handed to the bank, the regular purchase of War Savings Certificates becomes automatic; the purchase price of the Certificates is deducted each month from the account, sent by the bank to Ottawa, and the Certificates delivered by mail to the depositor's home address or to any other address he may designate.

"This new Pledge plan," state the announcement by the Joint National Chairmen, "provides any man or woman with an idea which means both of saving money for his own future use and at the same time of helping directly in Canada's war effort. Most people have found that it is far easier to make a resolution to invest in War Savings Certificates every month than it is to keep that resolution. By using the new Pledge form, the individual overcomes this human weakness, and having signed the Pledge knows that regular investment in War Savings Certificates every month will from then on be automatic."

"In connection with this plan the War Savings Committee hopes to impress upon all Canadians the fact that when they purchase War Savings Certificates, they are not giving their money, but lending it, at a reasonable return to themselves. That return amounts to a full 25% in 7½ years. We hope by the end of the year that at least 2 million people will have taken advantage of this new and useful means of building up a reserve of savings for the future."

The Royal Canadian Air Force will have shortly a number of bands throughout Canada to lead marching feet of RCAF recruits. The central band in Ottawa will provide a training school for all bands to come. It has already deserved high praise.

Four of our local sportsmen went to Lethbridge yesterday to enter their pointer dogs in the annual Southern Alberta Sportsmen field trial. J McIntyre, B Hummel, A Hopkins W Christensen were competitors.

J McIntyre brought home a third with his dog Freckles. A Hopkins took first but the dog wasn't his own. W Christensen took three dogs to Lethbridge and sold one, traded one and ran one. B Hummel had some tough luck but says by the time the season opens everything will be under control.

These trials were for members only and the local sportsmen reported a grand display.
